14 The Senate and Congress will not save us.

▼ The SC and Courts will not save us.

Pence could save us but its a massive price he would pay so I do not rely on him.

Trump and us can save us.

He has to trust us that we back him 100% with Martial Law and invoking the Insurrection Act due to multiple countries blackmailings and bribing key figures in the US to steal this election and inject Biden as the winner.

Martial Law, seize MSM, social media, texting and phone systems, lock down the country and arrest 90% of the politicians including governors etc.

Military trials the works.

Anything less is a half measure and will most likely not carry the day.

Only comment that matters anymore. Pedes need to put down the hopium and realize it's on each of us to turn the tide. Even if TRUMP cucks, WHO CARES!!! The people are the only ones to solve this and that has been crystal clear for a month. Do not believe we're in DC to see Trump pull some rabbit out of a super secret hat. DO believe we're there to do whatever is necessary for the evil aristocrats who lord over us to serve the will of the American people, or face our wrath.

Trump cannot use the Insurrection Act, because the Relief Bill he signed contains a provision forbidding that.

What else are you doing that supercedes a last stand to save the Republic? Do you have a job? Cos you wont by easter if Biden gets in and implements his 100 day lockdown.

Do you have kids? Cos they wont have a future if you let Biden in.

Nothing you are doing on the 6th is more important than this. Sorry, but its just not.

I was there. The crowd was so big that you couldn't see where it ended... besides the actual edge of the crowd. Maybe that has to do with me being 5 foot 2 but you get the jist. At 6:30 (much later than this video was taken) there were cars backed up on multiple roads for a couple miles, and the direct access roads were blocked off within a mile of the airport, so many people had to walk. It was the first time I ever saw Trump in person! He was so cute. Hopefully a better view will be available on the 6th. I also learned that a high standard of handsomeness is necessary to become a secret service agent. A "plain" clothes agent mounted the hood of a tractor trailer and roared orders at the crowd after the event ended... I said "YES SIR!!!" 🤩

Lin Wood is playing an important role. Setting the stage for declass.

As for Pence?

Make them question everything.

Denounce your own in the light. Scheme with them in the dark.

When you're both ready, strike.

Also, Pence was as swampy as it gets. I think GEOTUS chose him because his faith is strong and he was redeemable. I could be wrong. So could you. We'll see in a couple of days.
